- Loudspeaker
- 
- Guarantee **Panasonic 1 year**

The Panasonic KX-PRW110 is an ultra-stylish cordless phone which **converts your smartphone instantly into an extension of your landline network via the Smartphone Connect app.**

With Smartphone Connect, you can **make receive landline calls via your smartphone, make landline calls using your smartphone contacts, transfer calls between your smartphone and landline and make 3 party conference calls.**

Built-in WiFi not only allows you to connect your smartphone and landline phones, but also acts as a repeater, extending your WiFi range. The handset has **noise cancelling** and **clear sound** technology for superior sound quality and the **Eco mode one touch button** reduces energy consumption without affecting functionality.

Its directory has a capacity of **up to 500 entries**, which can be **transferred** to additional handsets (if applicable) or alternatively, through **Smartphone connect**, you can use the address book on your smartphone for landline calls.

This sleek brushed aluminium handset has designed to be both attractive and comfortable to use, sitting on its base in a lay down style, which makes operating and dialing with one hand easier.
