Easy-to-use Slim Handset with Easy-to-see LCD

Easy-to-use Handset

Universal Design

Large Backlit LCD and Secure Grip Handset

The large, backlit 1.8-inch screen is easy-to-read, and the simple menu screen lets you access functions without confusion. The rubberised grip on the back of the handset makes it more comfortable to talk while resting the phone on your shoulder.

Handset usable at ease even when power is out

Unique Technology

Power Failure Talk System*

During an electric power failure, you can supply the power stored in your handset to the base unit, so you can make calls even when the power is out. * Please note that this system is not available in some countries.

Clearly earth-friendly

Ecology

One Touch Eco Mode

Just press the dedicated ECO button. Signal output and power consumption are greatly reduced. In the Eco mode, the ECO indicator is clearly displayed on the LCD to show the Eco mode is activated.

Easy-to-Hear Features

Unique Technology

Customized Sound System

The pitch of sounds that can be easily heard differs according to each person's age. The Customized Sound System lets you adjust the pitch of phone voices, so users of all ages can talk comfortably with sounds that are easy to hear.

Stand-by power consumption below 0.5 W (excluding recharging time) due to our low-power circuit technology.

* This logo cannot be used in some countries.

Even in the backyard or garage

Unique Technology

Clear Sound

High-precision error correction system ensures clear conversation with less voice interruptions, allowing you to enjoy a smooth, error-free conversation even when you're out in the backyard or garage, far away from the base unit.

Prevent unwanted calls!

Incoming Call Barring* (Call Block)

Call from previously registered phone numbers are rejected. There is no more need to hear the voices of callers you wish to block.

* Requires subscription to Caller ID service offered by a telephone company

Easy caller identification

Caller ID with 50-Name & Number Caller ID Memory*

Thanks to Caller ID*2 capability, you'll be able to see the phone number of an incoming call on the LCD. If the caller is registered in the phonebook, their name will be displayed.

* Requires subscription to Caller ID service offered by a telephone company
